Reflecting HIS glory...

God's Provision Covers My Needs

Sunset in Colorado Springs

Over the past month, I have seen God provide in amazing ways:

- 14% Increase in Financial Support
- My Next Home & Housemates
- Churches in Colorado Springs
- Potential Partnership w/ Churches
- Connection with More People as Potential Ministry Partners

Praise the LORD.

I will extol the LORD with all my heart
in the council of the upright and in the assembly.
Great are the works of the LORD;
they are pondered by all who delight in them.
Glorious and majestic are his deeds,
and his righteousness endures forever.
He has caused his wonders to be remembered;
the LORD is gracious and compassionate.
He provides food for those who fear him;
he remembers his covenant forever.
He has shown his people the power of his works,
giving them the lands of other nations.
The works of his hands are faithful and just;
all his precepts are trustworthy.
They are steadfast for ever and ever,
done in faithfulness and uprightness.
He provided redemption for his people;
he ordained his covenant forever—
holy and awesome is his name.
The fear of the LORD is the beginning of wisdom;
all who follow his precepts have good understanding.
To him belongs eternal praise. (Psalm 111)

Praise God for His abundant provision! I am tremendously thankful to all of you who have committed to partner with me, and I look forward to seeing how God continues to work in the months and years ahead!

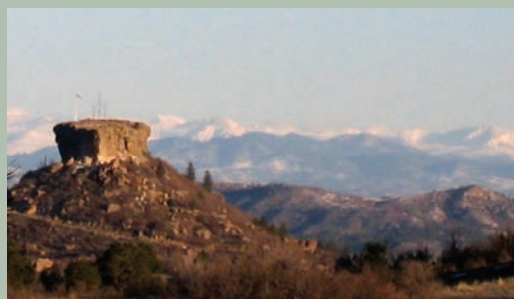

God used Jeremy, one of my future coworkers at EMI to provide a place to live in Colorado Springs. I will be living with Jeremy, Rob, and Eric at a house near Chapel Hills Mall. Thank you for your prayers, and praise God for His faithfulness!

I have visited several churches in Colorado Springs, and I plan to return to a couple on a regular basis, seeking God's leading in which family to join.

God has recently provided some connections with individuals and churches that will likely help fill the gap in my remaining financial need of about \$1,000 per month. Thanks for your continued prayer in this area, as well as to those of you who have connected me with others who are interested in partnering!

Encouraged through Early Morning Prayer

A friend of mine named Bengsoon, from Malaysia, recently invited me to pray from midnight to 5 on Saturday mornings at the Golden International House of Prayer with Pastor Christian from Ghana. I have been encouraged through both of these brothers' faith in the Lord as we have spent time in worship and adoration of our Savior.

Rising very early in the morning to pray has become a way of entrusting the week ahead to God and submitting to His will.

I hope to continue this special meeting time with my Abba Father.

I praise God that He has surrounded me with brothers who desire to seek and worship God in the early morning hours. There is something special about giving up sleep for prayer and then watching the sunrise after an extended time of prayer. God reminds me that His steadfast love never ends, that His mercies are new every morning, and that His faithfulness is great. He is my soul's portion, and He gives me hope! (Lam. 3:22-24)

My prayer as I run to Him in the mornings is as follows (from Psalm 90:14-17):

*Satisfy me in the morning
with your unfailing love,
that I may sing for joy and
be glad all my days.*

*Make me glad for as many days
as you have afflicted me,
for as many years as I have
seen trouble.*

*May your deeds be shown
to your servants,
your splendor to
their children.*

*May the favor of the Lord
my God rest upon me;
establish the work
of my hands for me—
yes, establish the work
of my hands.*

The Water Is Hiding (Sierra Leone Project Report)

Last February, I served on an EMI team that traveled to Mokanji, Sierra Leone, where we designed plans for renovating the hospital in this village. God has provided funding, and work has begun with well drilling on the site. I received the following report from Daniel Gans who is working with Global Outreach Mission, the US/Canadian ministry overseeing the hospital improvements.

Welcoming the EMI Team to Mokanji Hospital

Drilling for Water at Mokanji Hospital

We began a well in the village of Mokanji, on the premises of the hospital Global Outreach Mission is restoring. Mokanji is a very dry place, where it is difficult to find water. Topographically it is positioned higher than the surrounding area. Presently, there are no wells, and people have to go down to the streams to fetch water for cooking. Drinking water comes from a spring located in the valley. One has to walk down a rough footpath to get there.

We drilled down to 78 feet before the team had to leave. After seeing the team off, I returned to Mokanji and continued drilling. I have learned a lot about drilling and about God. At 225 feet, the main cable on the drill rig broke, leaving the drill bit at the bottom of the hole! I was sick. I prayed. Thankfully there is a way to retrieve it in such cases, but then it was stuck and would not come up. I called the USA for advice. I went home discouraged. During the night I was reminded of this verse,

"We have no power to face this vast army that is attacking us. We do not know what to do, but our eyes are upon you." II Chronicles 20

The next morning I went back. I usually read and pray with the men who are helping me. We read Psalm 40 and II Chronicles 20. We prayed. As I worked I sang. Numerous times I said, "Come up in the name of Jesus Christ!" I used the advice of the driller in the USA. After some time, it moved a little. Then little by little it came up. Uh!!!! I was so relieved. When it came up, I turned the machine off, gathered those watching, and prayed a prayer of thanks. I fully believe the LORD helped me get that thing out of the hole. Presently, the depth is 235 feet and very little water has appeared. I tell the people the water is hiding, and we have to find it. People ask me if we will find water today, I tell them, "Only God knows where the water is." I am continuing to drill, so please pray that the drilling process will continue without problems and that God will bring water quickly.
